

RESERVED BENCHING and POWER

****NEW:** There are now different sizes of reserved benching spaces, as well as an area (section 'P') closer to the rings specifically for (reserved ONLY) Professional Handlers. Please reserve the size and # of spots you feel are appropriate for your needs. As there are a limited number of spots of each size, send your requests in early, to ensure you get the number & sizes you prefer.

It is **strongly** recommended you reserve if you wish to have power. We have a limited number of spaces available for reserved benching-with or without power. Once they are sold, no further reservations will be taken. There will be some unreserved benching available, but power is un-likely to be available with un-reserved spaces. We will not have service available to add or move power boxes once they are in place. Each power drop will have two outlets with a maximum capacity of 1500 watts. If you feel you will require more power please order accordingly. **If you wish to bench with someone, please write ALL names on EACH form sent in. Absolutely no changes will be made once reserved, or at the Show!** Pre-payment of reserved spaces and power is a requirement, and must be received by closing of entries.

If you have NOT reserved-**you must find an un-reserved (marked with an X) space.** If you put items in space reserved by someone else, you will be told by the Show Superintendant to remove your items immediately, or they will be removed for you. **Anyone without reserved benching entering the building to set up prior to the time permitted for unreserved benching will be excused from the show.**

****Note!** Obedience ringside benching is for DAY use only. It has been getting crowded at recent shows, and items are being left overnight. You MUST remove your items from this area within 1 hour of completion of your judging.
