

The PRHRC would like to honour
Suzi Beber and the Smiling Blue Skies Cancer Fund
Please consider making a donation when you enter, or at our tests.

PRHRC Member Suzi Beber, the founder of the Smiling Blue Skies Cancer Fund, has generously supported and donated to our club for many years. Several of us have personally experienced Suzi's incredible heart and guidance, including a shoulder to cry on, as we waded through cancer treatment options for our own dogs. The PRHRC would like to honour Suzi, by supporting the Fund she created and the hope it offers for our dogs.

Cancer is the most frequent cause of death in dogs. In loving our dogs, we want the very best for them, in health, and in sickness. **Donations to The Smiling Blue Skies Cancer Fund supports OVC's quest to find more and better ways to deal with and understand canine cancers.** All donations made online or at our Hunt Test, will be used for the study of new cancer diagnostics and treatments for all companion animals through Pet Trust at the Ontario Veterinary College. Not only will our pets benefit from this contribution, but also the knowledge gained will be shared with human research, *for the good of us all.*

Please consider making a donation to the Smiling Blue Skies Cancer Fund. You have three options:

1. Preferably, directly to The Smiling Blue Skies Cancer Fund, using this link
<http://uofg.convio.net/PRHRC2021>
2. Via the "donation" button when you enter our tests via DogShow.ca. *Note there will be a 5% surcharge on donations made via DogShow.ca, if not using the U of Guelph link mentioned in #1.*
3. Via cash or a cheque made out to "The Smiling Blue Skies Cancer Fund, OVC Pet Trust" at the Hunt Test. Please give to Mary Shillabeer or Sylvia Lawson, in an envelope labelled SBS Donation, and include your mailing address for your receipt from OVC.

Receipts for tax credit purposes, are issued for all contributions of \$20 or more.

Please join us in helping our animal companions, along with our human family and friends, by taking a bite out of cancer. Thanks to YOU, we are making a difference.
