

Proof of vaccination

-Posted August 23 2021-

COVID-19 IN BC

As per the B.C. Provincial Health authority notice issued August 23 2021 and effective Sep 13 2021, it is mandatory that all attendees and employees will be vaccinated in full or part in order to access the venue site. Furthermore, proof of vaccination will be necessary. This may be by official card or certification downloaded to your phone or e-device and will be cross checked against official photo I.D. This applies to residents and non residents alike, over the age of 12 years.

Process: When accessing the property you will provide proof of vaccination for every person in the vehicle or on foot. Each persons name will be recorded. A wristband will be issued to be worn and visible on the left wrist. A replacement will only be issued if you return the damaged wristband. Access will be denied for non-compliance.

These regulations are subject to change. The clubs and their members will act within the rules and guidelines from the B.C.P.H.A. If all parties do not operate within compliance it jeopardizes all future events.

We will notify of any changes as soon as possible. There may be some change to the process as we proceed.
